13th July

As we draw to the close of the school year, and the end of my first term at Lowick and Holy Island, I have been reflecting on the past few months of school. As parents you will have noticed the changes we have started to put in place. It's important to note that these changes are not being done just for the sake of it. We are strongly motivated by our desire to do the best we can for your child's education and growth as a whole child. I can see the improvements already being made in school and I am very pleased to see how far we have come in a short amount of time.

You will perhaps not yet be aware of a lot of the other work which is being done 'behind the scenes' in preparation for next year. Exciting work is going on in school between staff to plan a creative, yet suitably challenging, curriculum across the classes. Our long term overview will go on our website by September and we will invite you into school early in the Autumn term to find out more about our curriculum and the themes for the year. We are looking forward to showcasing our ideas!

In the meantime, I would like to take this opportunity to wish you all a wonderful summer holiday and thank you for your support of the school.

Den Building on Thursday afternoon – all welcome!

If the weather is kind, we will be using our field for our den building afternoon on Thursday. If wet, we will do it inside the school itself. We hope this will be a fun activity for us all to engage in and if you are able to join in and get involved we will be very pleased to have you.

If you also happen to have any useful den building materials at your disposal (such as garden canes or cardboard boxes) please do bring them along!
