LEARNING TOGETHER AT HOME: WEEK 3

Early Years Northumberland

Welcome to week 3. It's Easter this week, so I have thought of lots of fun Easter activities for you to do at home with your grown up! 'Crack' the eggs when you do each activity.

Make some Easter biscuits with your grown up. You could make them egg shaped or how about rabbit or chick shaped? Click [here](#) for a simple recipe to try.

Design your own Easter egg. Make different patterns on it like spotty, stripey, wavy lines, stars and talk about what they look like. You don't have to draw it, You could use anything you find!

Make an Easter card. Draw a picture on the front and use your special marks to write your name. Take a photo of it to send to a loved one.

Hop like a bunny, flutter like a butterfly, wiggle like a caterpillar, skip like a lamb, fly around like a buzzy bee, float through the air like blossom blowing from a tree, waddle like a duckling, scratch the floor with your foot like a chick

Play an Easter themed counting game - roll a dice and count out that many of Easter themed items from around the house.

Click [here](#) to see Catrin pretending to be a baker and selling her hot cross buns!

Can you share an Easter or Spring themed story? Click [here](#) for my favourites!
