## 26th September 2025

We have had an exciting week in school this week. We have been thinking scientifically in our science lessons and the years 3 & 4s were investigating the reproductive parts of flowering plants whilst year 5 were putting in the leg work to recreate a model of the solar system across our school grounds.

Our science learning about plants with links to the Stone Age to Iron Age were reinforced with a great trip to the Hirsell in Coldstream for a 'field to fork' interactive day. The children were able to explore the crops and identify which ones were available in Stone Age to Iron Age times and which ones are more modern. They also had a cooking workshop to make oat cakes and butter. A really interesting day - we were also very grateful for the beautiful sunshine as we were outside a lot of the day. There are lots of photos of both classes on our website - have a look in our news section or [click here](#)

### Names in belongings

Please would you ensure that uniform, coats and so on are named. We do our best to find missing items but it can be tricky if there is no name in an item.

### Harvest Festival at St Mary's church, Holy Island 10.30am

Everyone is very welcome to join us for our Harvest Festival service at St Mary's church on Holy Island on Monday. Thank you for the food bank donations you have been able to spare so far. We will be passing on your donations to the local foodbanks during our service to help families in need.

Normally food banks want non-perishable, in-date, and nutritionally balanced items such as tinned meats, fish, beans, vegetables, fruit (in juice, not syrup), and whole grains, along with UHT milk, tea, coffee, and essential toiletries like soap, toothpaste, and sanitary pads.

### Dates for your diary
